Subject: FW: FSIS Weekly Residue Report 03-21-24

Good afternoon,

Please find attached the FSIS Weekly Residue Report for your review and follow-up as needed.

- M000 sample dated 12/4/2023 – **producer update** to Nowhere Livestock (SK, CN) - responsible;(No Person (SK, CN) - not responsible)
- M0000 sample dated 1/30/2024 – **producer update** to No Place – responsible;(Unreal Farms – not responsible)
- M0000 sample dated 2/22/2024 – this was a **Show Animal sample** – confirmed lab violative for ractopamine (liver) – thanks to IPP for collecting the sample !

Thanks,

District Veterinary Medical Officer
Specific District Office

Subject: FSIS Weekly Residue Report 03-21-24

Good morning,

Please see this week's report attached.

You may also refer to the repeat violator residue information updated weekly and available to the public on the FSIS website located here:

<https://www.fsis.usda.gov/node/1989> Please allow several hours for this to post.

Thanks,
Management Analyst
Office of Policy and Program Development, PDS

Note:

Report heading meanings are as follows: District = FSIS district where sample was collected, Source = presumed source of violation, SrcID=RVIS assigned ID for that source, R=Source Repeat Status values: R(epeat), P(ossible repeat), N(ot repeat) FSIS/FDA=Sample responsibility level by agency for this sample: R(esponsible), I(nvolved), D(ue Process), N(ot), -(unassigned) V=sample violation status V(iolation), N(ot) RelForm=prior sample for this source. Prog/Proj Program: S(urveillance) M(onitoring), Project/Test type. V/N individual residue violation status.

Part 1 of this report lists all violations with presumed sources that were ENTERED into the system within the week period Thursday through Wednesday prior to the report running. Part 1 also includes the source/sample combinations for any sample that was reassigned to a new source during that time period.

Part 2 of the report lists all samples associated with sources appearing in part 1 who have a prior violation (Involved or Responsible) within the past year.
