

Post-Inspection Methods On-the-Job Training (Post-IM OJT) Procedures Guide

Trainee:

*Supervisor:

CSI Training Leader/Mentor(s):

IM Course Start Date:

IM Course Number:

District:

Completion of Post-IM OJT Procedures Guide provides new hires with mentorship to ensure they apply their Inspection Methods (IM) training to the workplace. Completion of this guide is **required**. Supervisors and CSI Training Leaders (TLs) are to verify the trainee can perform the procedures at a **basic and/or awareness proficiency level**. If a certain task or procedure does not apply to the OJT establishment, the trainee is to perform the procedure at another establishment or discuss the procedure with a CSI TL or mentor. Complete these tasks using a hands-on approach.

Below are instructions for using this guide (see also: [Post-IM OJT Resource Site](#)). Additional instructions are provided in the CSI Training Leader (2600) course.

1. The CSI TL (or designated mentor) is to ensure the trainee has:
 - a. Self-enrolled in the [FSIS-Inspection Methods Pre/Post On-the-Job Training](#) course in AgLearn.
 - b. Taken the Post-IM OJT course Quiz #1 in [AgLearn](#) **prior to** starting this guide.
2. The CSI TL or mentor is to complete each procedure in this Guide with the trainee **after** IM training. The CSI TL or mentor is to indicate that the trainee has completed the procedure at a **basic and/or awareness proficiency level** (i.e., can execute inspection methodology without significant intervention by the CSI TL or mentor) or that the trainee is not proficient. To complete the procedure, the CSI TL and the trainee will follow the steps in the table below titled "[Post-IM OJT List](#)" and complete the following:
 - a. The CSI TL or mentor is to review the relevant policy documents, regulatory requirements, and inspection methodology included in the [job aid](#) with the trainee.
 - b. The CSI TL or mentor is to review the job aids with the trainee. The CSI TL or mentor is to be prepared to answer questions from the trainee and provide feedback on the knowledge checks in the [job aids](#).
 - c. The CSI TL or mentor is to observe the trainee perform the procedure. If performing the procedure is not possible, the CSI TL or mentor is to discuss how to perform the procedure and verify the trainee understands the methodology.
 - d. The CSI TL or mentor is to observe the trainee log into and navigate Public Health Information System (PHIS) to schedule tasks, document findings, and complete the tasks and procedures.

*In this guide, "supervisor" means the trainee's supervisor.

3. The CSI TL or mentor is to verify trainees can perform the procedures at a basic proficiency level primarily by observing hands-on demonstrations.
4. The supervisor and CSI TL are to ensure the OJT establishment experience corresponds to the trainee's assignment area and that all topics relevant to the assignment area are covered. For example, if the trainee is assigned to an establishment that produces RTE products, the OJT establishment is to include RTE processing.
5. The CSI TL or mentor is to sign their initials to the boxes in this guide upon successful completion of the corresponding procedure.
6. To indicate a task or procedure is not applicable (NA) to the trainee's assignment, the CSI TL or mentor is to clearly indicate in the initials or NA box which procedure is not applicable.
7. The supervisor is to verify all boxes on this guide are completed, initialed, and dated by a CSI TL or mentor upon successful completion by the trainee. Multiple CSI TLs or mentors may provide training; however, the supervisor is to sign only a single completed Post-IM OJT Training Procedures Guide per trainee.
8. To receive completion credit for Post-IM OJT, within 3 weeks of completing the IM class:
 - a. The trainee is to complete the Post-IM OJT course Quiz #2 in [AgLearn](#). The supervisor is to verify the trainee achieves 70% or higher.
 - b. The supervisor is to digitally sign and date the [Supervisor's Acknowledgement page](#) of this completed guide.
 - c. The trainee is to upload the digitally signed [Supervisor's Acknowledgement page](#) of the guide to [AgLearn](#).

Send questions about use of this guide to: hala.bessyoung@usda.gov and gwynn.datsko@usda.gov

Post-IM OJT List

Topics to Cover at All Establishments	Procedures	Date/CSI TL Initials or NA	Comments
PHIS	☐ Review PHIS Job Aid . ☐ Access the establishment profile. ☐ Discuss how to update the establishment profile with mentor. ☐ Use PHIS to complete the tasks and procedures in this guide under direct mentorship.		The trainee has achieved basic and/or awareness proficiency in PHIS procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
FSIS Website	☐ Review How-To Guide for FSIS Web Resources Job Aid . ☐ Access regulations, directives, notices.		The trainee has achieved basic and/or awareness proficiency in accessing procedures and policies resources without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at All Establishments	Procedures	Date/CSI TL Initials or NA	Comments
Gather, Assess, Determine (GAD)	☐ Review GAD Thought Process Job Aid . ☐ Discuss applying GAD when conducting inspection activities. ☐ Apply GAD while conducting inspection activities.		The trainee has achieved basic and/or awareness proficiency in the GAD methods in Dir. 5000.1 described here without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
SPS Verification Task	☐ Review SPS Verification Task Job Aid . ☐ Perform the task under direct mentorship. ☐ Discuss inspection findings in the context of the food safety system with mentor.		The trainee has achieved basic and/or awareness proficiency in SPS Verification task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at All Establishments	Procedures	Date/CSI TL Initials or NA	Comments
Pre-Operational SSOP Review & Observation Verification Task	☐ Review Pre-Operational SSOP Review & Observation Verification Task Job Aid . ☐ Perform the task under direct mentorship.* ■ In Slaughter ■ In Raw Processing ■ In Ready-to-Eat Processing ☐ Discuss inspection findings in the context of the food safety system with mentor. *Note: DO NOT perform this task unless you have completed lockout/tagout training.		The trainee has achieved basic and/or awareness proficiency in Pre-Operational SSOP Verification task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
Operational SSOP Review & Observation Verification Task	☐ Review Operational SSOP Review & Observation Verification Task Job Aid . ☐ Perform the task under direct mentorship. ☐ Discuss inspection findings in the context of the food safety system with mentor.		The trainee has achieved basic and/or awareness proficiency in Operational SSOP Verification task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at All Establishments	Procedures	Date/CSI TL Initials or NA	Comments
Noncompliance Record (NR)	☐ Review Document a Noncompliance Record Job Aid . ☐ Document an NR under direct mentorship. ■ SPS ■ SSOP ■ HACCP ☐ Receive feedback from mentor on the NR before finalizing.		The trainee has achieved basic and/or awareness proficiency in identifying and documenting supportable noncompliance without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
HACCP Systems	☐ Review HACCP Job Aid . ☐ Identify the components of the establishment's HACCP system with mentor. ☐ Review and discuss a prerequisite program with mentor. ☐ Review and discuss the establishment's supporting documentation for the CCPs. ☐ Review and discuss the establishment's initial validation for a CCP and prerequisite program.		The trainee has achieved basic and/or awareness proficiency in HACCP systems verification procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at All Establishments	Procedures	Date/CSI TL Initials or NA	Comments
HACCP Verification Task	☐ Review HACCP Verification Task Job Aid . ☐ Perform the task under direct mentorship. ☐ Discuss inspection findings in the context of the food safety system with mentor.		The trainee has achieved basic and/or awareness proficiency in HACCP Verification task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
Current Trends	☐ Review Discuss Current Trends Job Aid . ☐ Run the Noncompliance Records report in PHIS. ☐ Discuss how IPP address current trends at the establishment with mentor. ☐ Discuss verification plans with mentor.		The trainee has achieved basic and/or awareness proficiency in identifying and responding to trends (of noncompliance and other findings) without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at All Establishments	Procedures	Date/CSI TL Initials or NA	Comments
Weekly Meeting	☐ Review Conduct a Weekly Meeting Job Aid . ☐ Create a weekly meeting agenda. ☐ Conduct a weekly meeting under direct mentorship. ☐ Document an MOI under direct mentorship. ☐ Receive feedback from mentor on the MOI.		The trainee has achieved basic and/or awareness proficiency in preparing and conducting weekly meetings without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
FSIS Directed Sampling Task	☐ Review Aseptic Technique and Gloving how-to documents. ☐ Review the job aid for the specific sampling task. ■ Raw Beef Sampling Job Aid ■ Raw Poultry Sampling Job Aid ■ Ready-To-Eat (RTE) Sampling Job Aid ■ National Residue Program Sampling Job Aid ☐ Schedule, collect, and ship a sample under direct mentorship. ☐ Access, review, and respond to the sample results under direct mentorship. ☐ Discuss sample results in the context of the food safety system with mentor.		The trainee has achieved basic and/or awareness proficiency in FSIS directed sampling procedures and policies (i.e., preparing, collecting, submitting, responding to results) without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at All Establishments	Procedures	Date/CSI TL Initials or NA	Comments
SPS vs. SSOP vs. HACCP	☐ Review SPS vs SSOP vs HACCP Job Aid . ☐ Identify the actions IPP take in various instances of product contamination (SPS vs. SSOP vs. HACCP vs. sanitary dressing).		The trainee has achieved basic and/or awareness proficiency of the methods in Dir. 5000.1 described here without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
Regulatory Control Action (RCA)	☐ Review Regulatory Control Action Job Aid . ☐ Take RCA, when applicable, under direct mentorship. ☐ Perform activities relevant to taking RCA (establishment notification, documentation, verification of establishment response, and removing RCA) under direct mentorship. ☐ Discuss actions IPP take when the establishment may have produced and/or shipped adulterated or misbranded product into commerce with mentor. Note: IPP are not to take RCA for sole purpose of completing this OJT procedure. If no situations apply during OJT, discuss with mentor instead.		The trainee has achieved basic and/or awareness proficiency of the methods in Dir. 5000.1 described here and follows the rules of practice without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at All Establishments	Procedures	Date/CSI TL Initials or NA	Comments
Corrective Actions	☐ Review Corrective Actions Job Aid . ☐ Verify establishment corrective actions under direct mentorship.		The trainee has achieved basic and/or awareness proficiency in corrective action verification procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
Big 9 Formulation Verification Task	☐ Review Big 9 Formulation Verification Task Job Aid . ☐ Perform the task under direct mentorship. ☐ Discuss inspection findings in the context of the food safety system with mentor.		The trainee has achieved basic and/or awareness proficiency in Big 9 Formulation Verification task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at All Establishments	Procedures	Date/CSI TL Initials or NA	Comments
Review of Establishment Data Verification Task	☐ Review the Review of Establishment Data Verification Task Job Aid . ☐ Perform the task under direct mentorship. ☐ Discuss inspection findings in the context of the food safety system with mentor.		The trainee has achieved basic and/or awareness proficiency in Review of Establishment Data Verification task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
Export Certification Verification Task	☐ Review Export Certification Task Job Aid . ☐ Perform export verification activities under direct mentorship. ■ Paper-based ■ Electronic (PHIS) ☐ Observe mentor complete the task. Note: Trainees under OJT should not sign export certificates.		The trainee has achieved basic and/or awareness proficiency in export certification procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at All Establishments	Procedures	Date/CSI TL Initials or NA	Comments
Product Standards, Net Weights, and Labeling Verification Tasks	☐ Review the Product Standards, Net Weight, and Labeling Verification Tasks Job Aid . ☐ Perform the tasks under direct mentorship.		The trainee has achieved basic and/or awareness proficiency in product standards, net weights, and labeling verification procedures and policies (e.g., general labeling) without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
Food Defense Verification Task	☐ Review Food Defense Verification Task Job Aid . ☐ Perform the task under direct mentorship.		The trainee has achieved basic and/or awareness proficiency in Food Defense Verification task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at All Establishments	Procedures	Date/CSI TL Initials or NA	Comments
Other Inspection Requirements Verification Task	☐ Review Other Inspection Requirements Task Job Aid . ☐ Review policy documents, regulations, and inspection methodology with mentor. ☐ Perform the task under direct mentorship.		The trainee has achieved basic and/or awareness proficiency in Other Inspection Requirements Verification task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
Communication and Professionalism	☐ Review Relationship Principles . ☐ Discuss professionalism in the workplace with mentor.		The trainee has achieved basic and/or awareness proficiency in professionalism and communication with establishment management without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at Slaughter Establishments	Procedures	Date/Mentor Initials or NA	Comments
Ante-Mortem (AM) Inspection	☐ Review applicable job aid(s): ■ Livestock Ante-Mortem Job Aid ■ Poultry Ante-Mortem Job Aid ☐ Perform AM inspection under direct mentorship.		The trainee has achieved basic and/or awareness proficiency in ante-mortem inspection procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
Post-Mortem (PM) Inspection	☐ Review applicable job aid(s): ■ Livestock Post-Mortem Job Aid ■ Poultry Post-Mortem Job Aid ☐ Perform PM inspection under direct mentorship. ☐ Document slaughter data in PHIS under direct mentorship.		The trainee has achieved basic and/or awareness proficiency in post-mortem inspection procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at Slaughter Establishments	Procedures	Date/Mentor Initials or NA	Comments
Livestock Zero Tolerance (ZT) Verification Task	☐ Review Livestock ZT Verification Task Job Aid . ☐ Perform the task under direct mentorship. ☐ Discuss inspection findings in the context of the food safety system with mentor.		The trainee has achieved basic and/or awareness proficiency in Livestock ZT Verification task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
Livestock Humane Handling Verification Task	☐ Review Livestock Humane Handling Verification Task Job Aid . ☐ Perform the task under direct mentorship.		The trainee has achieved basic and/or awareness proficiency in Livestock Humane Handling Verification task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at Slaughter Establishments	Procedures	Date/Mentor Initials or NA	Comments
Generic <i>E. coli</i> Verification Task	☐ Review Generic <i>E. coli</i> Verification Task Job Aid . ☐ Perform the task under direct mentorship. ☐ Discuss inspection findings in the context of the food safety system with mentor.		The trainee has achieved basic and/or awareness proficiency in Generic <i>E. coli</i> Verification task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
Verification Task (HACCP or SSOP) to Verify Swine/Poultry Slaughter Establishments Maintain Adequate Procedures for Preventing Contamination	☐ Review applicable job aid(s): ■ Verifying Procedures to Prevent Contamination in Swine Slaughter Establishments Job Aid ■ Verifying Procedures to Prevent Contamination in Poultry Slaughter Establishments Job Aid ☐ Perform the task under direct mentorship. ☐ Discuss inspection findings in the context of the food safety system with mentor.		The trainee has achieved basic and/or awareness proficiency in procedures and policies to verify swine/poultry slaughter establishments maintain adequate procedures for preventing contamination without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at Slaughter Establishments	Procedures	Date/Mentor Initials or NA	Comments
Beef Sanitary Dressing Task	☐ Review Beef Sanitary Dressing Task Job Aid . ☐ Perform the task under direct mentorship. ☐ Discuss inspection findings in the context of the food safety system with mentor.		The trainee has achieved basic and/or awareness proficiency in Beef Sanitary Dressing task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
SRM Control Verification Task	☐ Review SRM Control Verification Task Job Aid . ☐ Perform the task under direct mentorship.		The trainee has achieved basic and/or awareness proficiency in SRM Control Verification task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at Slaughter Establishments	Procedures	Date/Mentor Initials or NA	Comments
FSIS Collector-Generated Sampling Task	☐ Review the job aid(s) for the specific sampling task. ■ KIS Sampling Job Aid ■ TB Surveillance Sampling Job Aid ☐ Schedule, collect, and ship a sample under direct mentorship. ☐ Access, review, and respond to the sample results under direct mentorship.		The trainee has achieved basic and/or awareness proficiency in FSIS collector-generated sampling procedures and policies (i.e., preparing, collecting, submitting, responding to results) without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
Poultry Zero Tolerance (ZT) Verification Task	☐ Review Poultry ZT Verification Task Job Aid . ☐ Perform the task under direct mentorship. ☐ Discuss inspection findings in the context of the food safety system with mentor.		The trainee has achieved basic and/or awareness proficiency in Poultry ZT Verification task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at Slaughter Establishments	Procedures	Date/Mentor Initials or NA	Comments
Poultry Good Commercial Practices (GCP) Verification Task	☐ Review Poultry GCP Verification Task Job Aid . ☐ Perform the task under direct mentorship.		The trainee has achieved basic and/or awareness proficiency in Poultry GCP Verification task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at Ready-to-Eat Establishments	Procedures	Date/Mentor Initials or NA	Comments
HACCP Verification Task on an RTE Product	☐ Review HACCP Verification Task and the Listeria Rule Verification Activities Job Aid . ☐ Perform the task under direct mentorship.		The trainee has achieved basic and/or awareness proficiency in <i>Lm</i> Rule verification procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Topics to Cover at Ready-to-Eat Establishments	Procedures	Date/Mentor Initials or NA	Comments
Sampling and Testing of RTE Products	☐ Review the Ready-To-Eat (RTE) Sampling Job Aid . ☐ Review FSIS RTE sampling program results. ☐ Review establishment sampling relevant to RTE product. ☐ Discuss sampling results in the context of the food safety system with mentor.		The trainee has achieved basic and/or awareness proficiency in RTE sampling procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
RTE Questionnaire Task	☐ Review FSIS Notice 03-26 . ☐ Perform the task under direct mentorship.		The trainee has achieved basic and/or awareness proficiency in RTE Questionnaire task procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Post-IM OJT Procedures Guide: Supplemental Worksheet

The supervisor and CSI TL determine if any other OJT procedures, tasks, or topics are necessary based on the trainee's individual assignment. Use this worksheet to incorporate any other procedures, tasks, or topics into the trainee's OJT.

Topics to Cover	Procedures	Date/CSI TL Initials or NA	Comments
	☐ ☐ ☐ ☐		The trainee has achieved basic and/or awareness proficiency in procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient
	☐ ☐ ☐ ☐		The trainee has achieved basic and/or awareness proficiency in procedures and policies without significant intervention by the mentor: ☐ Proficient ☐ Not proficient

Supervisor's Acknowledgement of Post-IM OJT Procedures Guide Completion

*Supervisor's Final Recommendation:

I have directly observed and/or received feedback regarding this trainee and have taken all of this into consideration. I have concluded that:

- ☐ This trainee has achieved basic and/or awareness proficiency in all the procedures in this guide.
- ☐ This trainee has NOT achieved basic and/or awareness proficiency in all the procedures in this guide.

List the procedures the trainee did not complete and provide justification.

The Frontline Supervisor and/or the District Manager of this trainee are aware of those procedures NOT meeting basic proficiency.

- ☐ Yes ☐ No ☐ Not applicable

Supervisor's Signature:

Completion Date:

Comments:

To receive completion credit for Post-IM OJT after IM class: The trainee is to complete the Post-IM OJT course Quiz #2 in AgLearn. The supervisor is to verify the trainee achieves 70% or higher. The supervisor is to digitally sign and date this Supervisor's Acknowledgement page of this completed guide. The trainee is to upload the digitally signed Supervisor's Acknowledgement page of the guide to AgLearn.

*In this guide, "supervisor" means the trainee's supervisor.

Post-IM OJT Procedures Guide: Training Plan

The supervisor and CSI TL may use the template below, along with their knowledge of local establishments (processing types, production schedules, etc.) to plan the OJT.

Topics to Cover at All Establishments	Estimated OJT Time Required (e.g., hours)	OJT Date to Cover (e.g., day)	Location (e.g., M1234)	OJT CSI TL/Mentor	Notes
PHIS					
FSIS Website					
Gather, Assess, Determine (GAD)					
SPS Verification Task (PHIS task priority 3)					
Pre-Operational SSOP Review & Observation Verification Task (PHIS task priority 2)					

Topics to Cover at All Establishments	Estimated OJT Time Required (e.g., hours)	OJT Date to Cover (e.g., day)	Location (e.g., M1234)	OJT CSI TL/Mentor	Notes
Operational SSOP Review & Observation Verification Task (PHIS task priority 2)					
Noncompliance Record (NR)					
HACCP Systems					
HACCP Verification Task (PHIS task priority 3-5)					
Current Trends					
Weekly Meeting (PHIS task priority 5)					
FSIS Directed Sampling Task (PHIS task priority 2-3)					

Topics to Cover at All Establishments	Estimated OJT Time Required (e.g., hours)	OJT Date to Cover (e.g., day)	Location (e.g., M1234)	OJT CSI TL/Mentor	Notes
SPS vs. SSOP vs. HACCP					
Regulatory Control Action (RCA)					
Corrective Actions					
Big 9 Formulation Verification Task (PHIS task priority 3)					
Review of Establishment Data Verification Task (PHIS task priority 3)					
Export Certification Verification Task (PHIS task priority 6)					
Product Standards, Net Weight, and Labeling Verification Tasks (PHIS task priority 6)					

Topics to Cover at All Establishments	Estimated OJT Time Required (e.g., hours)	OJT Date to Cover (e.g., day)	Location (e.g., M1234)	OJT CSI TL/Mentor	Notes
Food Defense Verification Task (PHIS task priority 4)					
Other Inspection Requirements Verification Task (PHIS task priority 3)					
Communication and Professionalism					

Topics to Cover at Slaughter Establishments	Estimated OJT Time Required (e.g., hours)	OJT Date to Cover (e.g., day)	Location (e.g., M1234)	OJT CSI TL/Mentor	Notes
Ante-Mortem (AM) Inspection					
Post-Mortem (PM) Inspection					
Livestock Zero Tolerance (ZT) Verification Task (PHIS task priority 3)
